

Acupuncture Detoxification Aide Training

**Upcoming Session:
October 2 and 3, 2010
Toronto, ON**

**Learn the National Acupuncture Detoxification Association's
Acudetox Protocol with**

Lori Slaunwhite

Registered Trainer- National Acupuncture Detoxification Association

Many areas within North America allow medical and addictions professionals to learn and implement the National Acupuncture Detoxification Association's (NADA) 5-needle Acudetox Protocol. Enhance your client services throughout all phases of recovery with this simple, low-cost and widely used technique that has been shown to significantly reduce cravings, physical symptoms, relapse, inpatient admissions, anxiety, insomnia and agitation.

The National Institutes of Health concluded that acupuncture for addictions, "may be useful as an adjunct treatment or an acceptable alternative or be included in a comprehensive management program".

Completion of the full 70 hours of training (30 didactic/40 clinical) will enable trainees to treat clients with this technique. After this two-day seminar, trainees will be able to begin the clinical component. The remaining practicum hours will be completed with the supervision of the trainer, either directly, or as otherwise agreed upon by the trainee and trainer. In some situations, trainees may be supervised by an ADS in their community. Upon completion of all course requirements, trainees can apply to NADA US for a completion certificate as an Acupuncture Detoxification Specialist.

Continuing Education Credits

This course may be eligible for Continuing Education Credits through the Canadian Addiction Counsellors Certification Federation (CACCF).

Fees

The cost for this training is **\$400** per person and includes all course materials. Group rates are available. Please speak to Lori for details.
